Delivery short by 1 ton

Dispute open · 2,310 SAR frozen

Buyer · 09:12 · WhatsApp
We ordered 10 ton of rebar and the weighbridge ticket shows 9 ton. Photo attached.

Supplier A · 09:40
Our dispatch note says 10 ton. We can send the missing ton tomorrow if confirmed.

You · 09:55
Thank you both. I am reviewing the delivery photo and the weighbridge ticket now.

Suggested reply (edit before sending): The evidence supports a shortfall of 1 ton. I propose releasing 20,790 SAR to the supplier now and holding 2,310 SAR until the missing ton is delivered.
